

Coming Soon: CSIS Transcript Center

California School Information Services (CSIS) is pleased to announce the upcoming launch of the **CSIS Transcript Center**. CSIS Transcript Center is powered by the National Transcript Center (NTC), the largest provider of electronic student record / transcript exchange services.

Using the State Reporting and Records Transfer System (SRRTS) file formats, all public PK-12 schools throughout California will soon be able to send and receive student records and transcripts electronically – **quickly, easily, and securely!**

National studies indicate that it costs \$7.50 to \$10.00 to send a single high school transcript on paper. This service enables you to reduce this cost by at least 33%.

What does this mean to me?

- ▶ For \$5.00 per transaction, you will be able to:
 - Send electronic records and transcripts to any PK-12 institution, college or university across the country, as well as to employers, scholarship providers, the military, NCAA Eligibility Clearinghouse, and more!
- ▶ At no cost to you, you will be able to:
 - Request records electronically from any school in the country.
 - Receive records electronically from other CSIS Transcript Center and NTC member institutions.

What are the benefits?

- ▶ Save time – send a record or transcript to any school in a matter of seconds.
- ▶ Use one system to send both PK-12 records and high school transcripts.
- ▶ Improve student placement by receiving records immediately.
- ▶ Save money through reduced staff time and elimination of materials and postage costs.
- ▶ Reduce errors in assignment of SSIDs for transferring / matriculating students.
- ▶ Reduce fraudulent transcripts.
- ▶ Go green by going paperless.

Tell me more!

- ▶ The interface is user-friendly and intuitive. You will love how easy the CSIS Transcript Center is to use.
- ▶ Because it is web-based, there is no software to maintain or install.
- ▶ CSIS Transcript Center uses 128-bit SSL encryption and online security measures like those used by online banking.
- ▶ In only 3 steps, you will be able to:
 - Send multiple transcripts to one institution
 - Send one transcript to many institutions

What do I need to do?

- ▶ Go to www.transcriptcenter.com/california to find out more information about:
 - How to become a CSIS Transcript Center member.
 - How to use the CSIS Transcript Center (includes training materials).
 - This website is also a great way to stay up to date as more information becomes available.
- ▶ Stay tuned for more information. You could start saying good-bye to all that paper you currently have to process!

More information about this exciting initiative will be coming your way in the upcoming months!
