

National Transcript Center

Premium Receive

NTC Premium Receive: available exclusively to college and university undergraduate admissions offices in California, Colorado, Iowa, Virginia, West Virginia and Wyoming.

Offered by the industry's largest national eTranscript solutions provider, NTC Premium Receive allows your post-secondary institution to receive electronic data and PDF transcripts sent from other NTC members—at absolutely no cost to you or your institution. No cost now, or later, or ever.

This solution allows admissions offices in two-year or four-year institutions to receive electronic data and PDFs from NTC's broad national network of high schools and colleges. NTC makes the transcript process easy, fast, and secure. Once NTC verifies that you are a legitimate admissions employee, you will be up and running in minutes!

How it Works

After your credentials have been verified, your institution will receive a free account on NTC and will be notified when someone sends your institution a transcript. Simply log on to NTC's secure site and download the PDF or data file in SPEEDE EDI, PESC High School XML, or PESC College XML.

Why Register?

NTC is the largest eTranscript solutions provider, with over 16,000 education institutions under contract. In many cases, NTC sends your office printed transcripts through the US Mail. Now, with NTC Premium Receive, NTC can deliver this PDF or data transcript only moments after it is submitted by the sender—and through a 100 percent, end-to-end secure process.

NTC is the official statewide eTranscript system for high school transcripts in several states. You could start receiving electronic transcripts from high schools in:

- California
- Colorado
- Iowa
- Texas
- Virginia
- West Virginia
- Wyoming

Register Now!

NTC Premium Receive is fast, free, and easy. Simply complete the registration form on reverse side and fax or email back to us.
