National Transcript Center

HIGHER ED MEMBERSHIP

The National Transcript Center (NTC) is a secure national service that improves the efficiency, reliability, cost and security of sending and receiving student transcripts. NTC is an easy-to-use tool for collegiate admissions officers to receive high school and college transcripts electronically—and for collegiate registrars to distribute transcripts and other official documents online.

*NTC member institutions login to a user friendly, browser-based application to send, receive, manage, trace and import their electronic transcripts. Currently, NTC has statewide contracts with PK-12 state education agencies in California, Colorado, Iowa Texas, Virginia, West Virginia and Wyoming—with many more on the way.*
